PERFORMANCE

# SKIM STYLE

Built using P5's tried and true Compositelite™ Construction, these boards have great durability with the riders wallet in mind. Many of our best skim style shapes are offered in this lineup and there certainly isn't a large drop off in performance from the Premium collection. We are excited to introduce the Snapper and Key CL to the lineup this year. The Diamond CL received a facelift as well with a sick new graphic on the bottom of the board. There is a lot to love for 2025!
